Fullerton Municipal Airport Announces New Restaurant Operator

Airport and Public Works staff has received concurrence from Fullerton City Council to enter into lease negotiations with Brian and Sherri White, who will operate and manage the Wings Café at Fullerton Airport. The White family brings to the table decades of experience, as third generation operators of The Galley Café in Newport Beach, California.

For over twenty years, the White's have specialized in the *Americana Diner* experience. Good old-fashioned cooking combined with an upscale, 1950's-era aviation theme will make Wings Café a true destination for aviation lovers and the entire community. Menu items will include traditional breakfast and lunch, plus choice steaks, fresh fruit, mimosas, salads, appetizers, even beer and wine.

Wings Café will be open from 7:00am to 2:00pm seven days a week at first, with plans to include dinner service until 7:00pm once the business becomes established. Future plans also include a phased expansion to include a large hangar-like structure which can accommodate up to 200 persons. The White's have partnered with Kathy Miller of Activities SoCal to help market and promote both the airport and the diner. Kathy is a well known activity and event planner and organizer who specializes in themed parties, weddings, corporate events and community meetings.

Once a lease agreement is signed by the City Council, the White's will begin working on a complete remodel to the dining area and kitchen. The grand opening is expected by May 10, 2014. Further information about Wings Cafe may be obtained by calling the Airport Manager at (714) 738-6323 between the hours of 8:30 a.m. and 5:00 p.m. Mondays through Thursdays.
