

Fullerton Police Department Pay-To-Stay Program

The City of Fullerton Jail is offering jail space for sentenced prisoners to serve their court ordered sentences within our facility. The Fullerton City Jail offers a lower key environment than exists at a county jail facility. The following policies and fees pertain to those who are interested in this program.

Limitations on Length of Time Served

Time served in successive days is limited to 364 days. Inmates with sentences longer than the 364 days will be forwarded to a county facility.

Who Is Eligible

Any sentenced prisoner meeting our booking requirements may serve their time in the Fullerton City Jail as long as the sentencing court approves their incarceration at a city facility (like ours) rather than a local county facility.

A copy of the acceptance letters will be sent to all parties concerned by Fullerton City Jail personnel.

Specific restrictions within our policies prevent certain individuals from serving time in our facility. They include the following:

- Drug addicts in withdrawal or who go into withdrawals during confinement
- Alcoholics in delirium tremors or who go into delirium tremens during confinement and inmates requiring drug rehab or alcoholic program during their stay at this facility
- Epileptics with a history of seizures
- Mentally deranged
- Female inmates
- Inmates who require multiple types of prescription medications
- Inmates on psychotropic medications
- Inmates with suicidal tendencies or have a history of suicide attempts
- Inmates with contagious diseases
- Inmates with diabetes or hypoglycemia whether or not they have prescription medications in their possession
- Physically disabled and unable to care for their personal needs

Medical Considerations

Individuals paying to serve their sentence at the Fullerton City Jail must sign a waiver relieving the City of Fullerton from incurring any expenses associated with providing medical care while they are in the custody of the Fullerton City Jail. Such expenses will be the sole responsibility of the individual paying to serve their time at the Fullerton City Jail.

In the event an inmate needs non-emergency medical care, they will be released from custody in order to pursue such care on their own time. When the medical condition is improved, the individual may return with a medical release from their physician. The release must be without restrictions of follow-ups. The court will be notified that the time that has been ordered was not completed for the specified reasons. A return to our facility will require a new court order allowing the inmate back in the program without restrictions.

When Time Can be Served

The inmate may arrange to serve the court ordered time within the guidelines of the court order. This is subject to available space in our jail facility.

Housing of Inmates

All Pay to Stay inmates will be segregated in a semi-private cell designated for sentenced inmates. When cases arise that a cell will be shared, the cell will be shared with other Pay to Stay inmates. All Pay to Stay inmates will not housed with non Pay to Stay inmates.

Tours of the facility are offered to acquaint the potential inmate after acceptance into the program. An appointment is required.

Cost for the Pay to Stay Program

\$100 a day for the first two days, and \$75 a day thereafter. All fees will be paid in advance unless other arraignments have been made prior to confinement.

Signed Agreement

Any individual desiring to serve their time at the Fullerton City Jail must sign the application and other agreement documents, committing to adhere to the established rules of behavior for their stay at the Fullerton City Jail.

Should the inmate fail to adhere to any rules and regulations of the Fullerton City Jail, or fail to follow direction of any police personnel or Jail staff, he will be transferred to the county jail of jurisdiction with forfeiture of all fees paid to the City of Fullerton.

Work Furlough

Work furlough is granted by the courts and not the Fullerton City Jail. All orders that allow work furlough will be specific in the days of the week and the times that the inmate is granted the furlough. The Fullerton City Jail releases at 6 am and the inmates are to return no later than 6 pm.

Application Process

A Fullerton City Jail application will be completed in full. Any omissions or questions that are not answered will result in a delay of processing the application or a denial in accepting the applicant into the program. All applicants will provide a copy of all current orders that describe the charges they have been charged with or convicted of. A copy of the applicant's driver's license or government identification is also required. If the applicant is represented by an attorney, the attorney's information will be provided by the applicant with the following information.
