

**CITY OF FULLERTON
MEMBER OF THE CITY COUNCIL**

NAME: BRUCE WHITAKER

OCCUPATION: Member of the City Council, City of Fullerton

Events of the past year and a half awakened Fullertonians to the constant need for responsive, competent, ethical and accountable leadership in city government.

As your representative on the Fullerton City Council, I've led the way toward- increased transparency; compassionate yet straight-forward communication; substantive budget discussions and analysis; fairness in treatment of employees and vendors; holding public employees accountable and expecting from them a high degree of integrity, ethics and professionalism.

Accomplishments include- initiation of necessary reforms in our police department; budgeted funds to keep the Hunt Library open; repealed illegal 10% tax on water, a \$2.5 million annual savings for ratepayers; reopened the Skate Park; support establishment of a County year-round regional homeless shelter; approved and supported bicycle trails and bicycle commuter connectivity; approval of Fullerton/Brea Fire Department cost savings plan.

Much is yet to be done. Our infrastructure has been neglected for too long. I pledge to increase funding from existing revenues to accelerate plans for street reconstruction with coordination of water main and sewer replacements. An abundant supply of clean, safe and secure parks, sports fields and public common spaces are essential priorities.

I respectfully ask for your vote on November 6.
