This WATER DELIVERY AGREEMENT ("Agreement") is made as of March 16, 2011, ("Effective Date") by and between the City of La Habra, a municipal corporation organized and existing under the laws of the State of California ("City") and Pacific Coast Homes ("PCH") a California corporation organized and existing under the laws of the State of California, as follows:

RECITALS

A. La Floresta, LLC, a Delaware limited liability company ("La Floresta") has caused three hundred sixty (360) shares ("Water Shares") of California Domestic Water Company ("Cal Domestic") stock to be sold to City, for the purpose of increasing the supply of water available to City by the volume of water to which the holder of the Water Shares is entitled ("Water Entitlement"), pursuant to that certain Water Shares Purchase and Sale Agreement dated as of March 16, 2011 (the "Sale Agreement"), a true and correct copy of which is attached as Exhibit A);

B. As a condition precedent to the sale of the Water Shares to City, City has agreed to deliver water to or at the direction of PCH to offset water used solely by the West Coyote Hills Project (the "Development Project") in the City of Fullerton, provided that the volume of water delivered pursuant to this Agreement does not on average exceed the Water Entitlement;

C. PCH has agreed to purchase water for the Development Project in the amounts and at the costs set forth in this Agreement.

WHEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the City and PCH agree as follows:

AGREEMENT

ARTICLE 1

Water Delivery

1.1 Purchase Agreement. PCH hereby agrees to purchase from City and City hereby agrees to sell to PCH a volume of residential use water equal to the Water Entitlement for the Water Year in which the purchase occurs. City agrees that the water sold by City to PCH will be from a source of water that may lawfully be delivered to or within another jurisdiction, including a jurisdiction located primarily or entirely outside the San Gabriel Basin.

1.2 Term

1.2.1 The Term of this Agreement shall be for forty (40) years commencing on the Effective Date.
1.2.2 **Initiation.** PCH may initiate delivery of water under this Agreement ("Initiation") by giving written notice ("Notice of Initiation") to City at any time during the term of this Agreement.

1.2.3 **Termination.** After Initiation, PCH may continue to receive water from City under this Agreement for a period of up to thirty (30) years from the date of the Initiation of water delivery under this Agreement or until the end of the Term of this Agreement, whichever occurs first.

1.3 **Price and Payment.**

1.3.1 **Price.** The price ("Price") PCH shall pay for water deliveries from the City under this Agreement shall be the rate calculated by combining, (a) the then-current total rate charged by Cal Domestic, or successor company, to the City for water received pursuant to the Water Entitlement, which is currently referred to as Lift 1E on Exhibit B (as defined below) and (b) the then-current rate for Tier 1 full service treated supplemental water provided to retail customers available from Metropolitan Water District ("MWD"), or successor district or water provider, (and which are currently the only two imported sources of domestic water available to City) the sum of which shall then be divided by two (2). By way of example, as of 10/01/2010, the current price for Cal Domestic Lift 1E water was $324.08/acre-foot and the current rate for MWD Tier 1 water was $707.75/acre-foot. The sum of these two rates was $1,031.83 and, after dividing by two, resulted in a current Price of $515.92/acre-foot. The Price shall be calculated on April 1st of each year to be placed into effect on the first day of the Water Year (as defined below; i.e., July 1st) for the term of this Agreement. A document entitled California Domestic Water Company Calculation (dated 10/1/2010) is attached hereto as Exhibit B to provide an illustration of the present basis for identifying the costs associated with the water pricing. For purposes of this Agreement, the MWD Tier 1 rate is the Treated Domestic invoiced rate to City for MWD Tier 1 domestic water deliveries provided to City thru the Municipal Water District of Orange County ("MWD Gov"), or successor district or water provider, (an example of which is attached as Exhibit C) and which is the sum of the then-current MWD Tier 1 Full Service Treated Volumetric Cost currently available thru MWD’s Finance Division published Water Rate Table, which is attached hereto as Exhibit D and the then-current MWDGOV administrative fee generally applicable to retail customers or so-called Increment Rate currently published in MWDGOV’s Annual Budget - Fiscal Master Plan Projection and which is attached hereto as Exhibit E.

1.3.2 **Charges Only for Delivered Water.** PCH will be charged only for water actually demanded and delivered under this Agreement, in the increments and on the schedule typically charged for residential water.

1.3.3 **Billing and Payment.** City will present invoices for payment to PCH on at least a monthly schedule detailing PCH’s actual water usage under this Agreement and the Price for each increment of water usage. PCH will pay all invoices within thirty (30) days of receipt.

1.3.4 **Exclusion from Price.** The Price will not include the cost of constructing the Delivery Facilities, as defined below.
1.4 Delivery and Volume.

1.4.1 Water Delivery. Delivery will commence on July 1 of the first Water Year (as defined in Section 1.4.3 below) after the Notice of Initiation, provided that the Delivery Facilities described in Section 1.5 below are available for use.

1.4.2 Request for Water Delivery. PCH will notify City in writing of the total amount of its annual water request no later than thirty (30) days prior to commencement of the Water Year to which the request applies, or fifteen (15) days after receipt of the Notice of Water Availability described below, whichever is later.

1.4.3 Supply. City will deliver water to PCH in the amounts requested by PCH to offset the water used by the Development Project, provided that the total volume shall not exceed the Water Entitlement specified by the San Gabriel Basin Watermaster ("Watermaster") for the Water Year in which purchase occurs. For instance, assuming the Water Entitlement from Cal Domestic specified by the Watermaster for the 360 shares held by City is 504 acre-feet ("AFY") in Water Year 2011 (for purposes of this Agreement, a "Water Year" is defined as the period from July 1 of a year through June 30 of the succeeding year), PCH may request delivery of no more than 504 "AFY" in Water Year 2011. The Parties expect and acknowledge that the volume of water available for delivery under this Agreement will vary from year to year, and may be more or less than is actually used by the Development Project.

1.4.4 Notice of Water Availability. City will notify PCH in writing of the amount of its annual Water Entitlement within thirty (30) days after receipt of the allocation from the Watermaster but, in any event, prior to commencement of the Water Year.

1.5 Facilities.

1.5.1 Direct Delivery. City will deliver water directly from its conveyance system to PCH, provided that all pipelines and other infrastructure reasonably required to transport and deliver water to the PCH development project ("Delivery Facilities") are installed.

1.5.2 Cost of Facilities. City shall cooperate, as necessary, with PCH and any other interested parties to construct the Delivery Facilities, provided that the City shall have no obligation to pay for the Facilities, including the cost of design, land acquisition and construction.

1.6 Water Supply Assurances.

1.6.1 Assurances to PCH. PCH shall be entitled to receive water equal to the amount of the Water Entitlement from City during the term of this Agreement without regard to statutory or regulatory reductions, other than reductions that would affect the volume of the Water Entitlement provided to City as the owner of 360 shares of Cal Domestic. City shall include the Water Entitlement and all demand associated with the Development Project in its water planning documents including, but subject to future restriction either identified in future
Urban Water Management Plans and/or included in any state legislation or regulation adopted during the term of this Agreement.

1.6.2 Assurances to City. City shall not be required to deliver water to PCH under this Agreement in excess of the Water Entitlement or in any increments or other manner that would adversely affect the amount of the Water Entitlement.

4.3 Relationship of the Parties. be prepared; it being agreed that the agents and counsel of both of the Parties hereto have participated equally in the negotiation and preparation of this Agreement.

4.5 Time of the Essence. Time is of the essence of this Agreement and the performance of all obligations hereunder.

However, if any provision of this Agreement, or any part thereof, shall at any time be held to be invalid, in whole or in part, under any applicable federal, state or local law by a court of competent jurisdiction, or by arbitrators or an administrative agency of the federal, state or local government with proper jurisdiction, then such provision or a portion thereof, as appropriate, shall be curtailed and limited only to the extent necessary to bring it within the requirements of the law and the validity and enforceability of the remaining provisions of this Agreement shall remain in effect and shall in no way be affected, impaired or invalidated, unless the invalidated provision(s) shall uniquely, materially and adversely affect the rights and obligations of a Party to this Agreement.

4.9 Further Assurances. Each of the Parties hereto shall execute and deliver any and all additional papers, documents, instruments and other assurances and shall do any and all other acts and things reasonably necessary to carry out the purposes of this Agreement and the intent of the Parties hereto.

4.10 Entire Agreement. This Agreement integrates all of the terms and conditions mentioned herein or incidental hereto and supersedes all negotiations or previous agreements between the Parties regarding all or any part of the subject matter hereof. All modifications, additions or amendments to this Agreement shall be in writing and signed by the Parties hereto.

4.11 Authority of City Manager to Act. Any consent, approval or other instrument described in this Agreement may be granted, given or executed by the City Manager or designee on behalf of the City and the City Manager or designee shall be authorized to take action on behalf of the City consistent with the terms of the agreement without the need for further authorization from the City Council; provided, however that, notwithstanding the foregoing, the City Manager or designee may, in his or her sole discretion, refer to the City Council any item for which the City Manager or designee has authority to act hereunder.

This WATER SHARES PURCHASE AND SALE AGREEMENT (the "Agreement") is made as of March 16, 2011 (the "Effective Date"), by and between the City of La Habra, a municipal corporation organized and existing under the laws of the State of California ("City"), and La Floresta Developer, LLC, a Delaware limited liability company, or assignee ("La Floresta Developer") as follows:

RECATALS

A. La Floresta Developer is willing to sell three hundred sixty (360) shares of California Domestic Water Company stock to the City; provided, however, before the closing of such sale and the conveyance of ownership in the Water Shares (as defined below) to the City, the City shall enter into a written Water Delivery Agreement (as defined below) with Pacific Coast Homes ("PCH") for the benefit of PCH's West Coyote Hills property located within the City of Fullerton ("Fullerton"), whereby the City, upon the request of PCH or its assignee, shall transfer certain amounts of municipal potable water to PCH or Fullerton as more fully provided therein.

B. La Floresta Developer and City desire to document and confirm the terms of the sale of the Water Shares to the City on the terms and conditions set forth in this Agreement.

WHEREFORE, City and La Floresta Developer agree as follows:

AGREEMENT

1. Purchase Price. City hereby agrees to purchase from La Floresta Developer and La Floresta Developer hereby agrees to sell to City three hundred sixty (360) shares of California Domestic Water Company ("Cal Domestic") stock, together with the attendant rights, powers, and privileges pertaining thereto (collectively the "Water Shares"). The Water Shares entitle the holder thereof to a volume of water ("Entitlement") specified by the San Gabriel Basin Watermaster ("Watermaster") on an annual basis for the water year running from July 1 until June 30 of the succeeding year. The sale price of the Water Shares is US $7,800 per share, for a total of $2,808,000, payable in cash or by wire transfer not later than one hundred twenty (120) days after the Effective Date of this Agreement.

2. Execution of Water Delivery Agreement. As a condition precedent to the completion of the sale of Water Shares contemplated by this Agreement, the City shall enter into an agreement with PCH whereby the City shall deliver municipal potable water to PCH or Fullerton in the amounts and for the costs set forth in that certain Water Delivery Agreement attached hereto marked Exhibit A and incorporated herein by this reference (the "Water Delivery Agreement"). Said Water Delivery Agreement is between the City and PCH and may only be assigned by PCH to the City of Fullerton for the sole purpose of offsetting water used by
the West Coyote Hills Development Project. Two duplicate originals of the executed Water Delivery Agreement shall be delivered by the City to La Floresta Developer not later than one hundred twenty (120) days after the Effective Date of this Agreement.

3. **Conveyance of Water Shares.** Within five (5) days after receipt by La Floresta Developer of (a) the purchase price calculated pursuant to Section 1 hereof, and (b) the two duplicate originals of the Water Delivery Agreement provided by Section 2, La Floresta Developer shall cause ownership of the Water Shares to be transferred to the City. La Floresta Developer shall cause Union Oil Company of California, its Managing Member and owner of the shares ("Unocal"), to execute all documents reasonably requested by the City, and the City shall execute all documents reasonably requested by La Floresta Developer, Unocal or Cal Domestic, in order to effectuate such transfer.

4. **“As-Is” Transfer.** The Water Shares of Cal Domestic transferred under this Agreement shall be conveyed "AS-IS" and subject to any leases, licenses or other encumbrances, excluding only monetary liens that may exist at such time of transfer.

5. **Effect of Project Opposition.** In the event that City opposes or objects to the West Coyote Hills development project, or any aspect of the project including, without limitation, the failure by the City to give PCH a clearance letter with respect to the Risner Way right of way issues ("City Opposition"), La Floresta Developer may, at its option, take the following actions:

5.1 If the City Opposition occurs prior to the transfer of Water Shares under this Agreement, La Floresta Developer may terminate this Agreement by sending written notice to City stating that the Agreement is terminated due to City Opposition. Termination shall be effective immediately upon receipt of the written notice by City. Upon termination, La Floresta Developer shall have no further obligations under this Agreement.

5.2 If the City Opposition occurs after the transfer of Water Shares under this Agreement, La Floresta Developer may reclaim the Water Shares by sending written notice to City demanding reconveyance of the Water Shares due to City Opposition. City shall transfer and reconvey the Water Shares to Unocal or any other entity designated in the written notice within five (5) days of the date of receipt of the written notice by City; at such time La Floresta Developer shall reimburse City for the original purchase price of the shares previously paid by City, without any interest.

5.3 City Opposition consists of statements or actions authorized by the City Council of City, including comments on environmental review documents that La Floresta Developer reasonably interprets as opposition or objection to the West Coyote Hills development project. City Opposition does not include statements or actions in which La Floresta Developer acquiesced after receiving actual advance notice.
6. **Representations.**

6.1 **City Representations.** The City, acknowledging that each provision in this Section 6.1 is material and is being relied on by La Floresta Developer, hereby represents and warrants the following to La Floresta Developer for the purpose of inducing La Floresta Developer to enter into this Agreement and to consummate the transactions contemplated hereby, all of which shall be true as of the date hereof:

(a) The City has the legal power, right and authority to enter into this Agreement and the instruments and documents referenced herein to which the City is a party, to consummate the transactions contemplated hereby, to take any steps or actions contemplated hereby, and to perform its obligations hereunder.

(b) All requisite action, including without limitation, any required analysis pursuant to the California Environmental Quality Act ("CEQA"), has been taken by the City and all requisite consents have been obtained in connection with entering into this Agreement and the instruments and documents referenced herein to which the City is a party, and the consummation of the transaction contemplated hereby, and, to the best knowledge of the City, the same comply with all applicable laws. There are no writs, injunctions, orders or decrees of any court or governmental body that would be violated by the City’s entering into or performing its obligations under this Agreement.

(c) This Agreement is duly executed by the City, and all agreements, instruments and documents to be executed by the City pursuant to this Agreement shall, at such time as they are required to be executed hereunder, be duly executed by the City, and each such agreement is, or shall be at such time as it is required to be executed hereunder, valid and legally binding upon the City and enforceable in accordance with its terms, and the execution and delivery thereof shall not, with due notice or the passage of time, constitute a default under or violate the terms of any indenture, agreement or other instrument to which the City is a party.

6.2 **La Floresta Developer Representations.** La Floresta Developer, acknowledging that each provision in this Section 6.2 is material and is being relied upon by the City, represents and warrants the following to the City for the purpose of inducing the City to enter into this Agreement and to consummate the transactions contemplated hereby:

(a) La Floresta Developer is a limited liability company duly organized, qualified and validly existing and in good standing under the laws of the State of Delaware, is duly qualified to do business and in good standing under the laws of each other jurisdiction where the operation of its business or its Ownership of property make such qualification necessary, and has all requisite power and authority to own and operate its properties, and to carry on its business as now and whenever conducted.
(b) La Floresta Developer has the legal power, right and authority to enter into this Agreement and the instruments and documents referenced herein, to consummate the transactions contemplated hereby, to take any steps or actions contemplated hereby, and to perform its obligations hereunder.

(c) All requisite action has been taken by La Floresta Developer and all requisite consents have been obtained by La Floresta Developer, including receipt of requisite approvals of Unocal, in connection with entering into this Agreement and the instruments and documents referenced herein, and the consummation of the transactions contemplated hereby.

(a) City shall indemnify and defend La Floresta Developer against and hold La Floresta Developer harmless from all claims, demands, liabilities, losses, damages, costs and expenses, including reasonable attorneys’ fees and disbursements, that may be suffered or incurred by La Floresta Developer if any representation or warranty made by City was untrue or incorrect in any respect when made, or that may be caused by any breach by City of any such representation or warranty.

would constitute a breach, default or violation by City) under this Agreement or the Water Delivery Agreement.

9.2 Successors and Assigns. This Agreement shall bind and inure to the benefit of the Parties to this Agreement and their respective successors and assigns.

9.3 Relationship of the Parties. The terms and provisions of this Agreement shall not cause the Parties hereto to be construed in any manner whatsoever as partners, joint venturers or agents of each other in the performance of their respective duties and obligations under this Agreement, or subject either Party to this Agreement to any obligations, loss, charge or expense of the other Party unless the Party to be held responsible has independently contracted with the claimant so as to make it directly responsible for the performance and/or payment, as appropriate, of the pertinent obligation, loss, charge or expense.

9.4 Text to Control; Interpretation.

(a) The headings in this Agreement are included solely for convenience, and if there shall be any conflict between such headings and the text of this Agreement, the text shall control.

(b) Should any provisions of this Agreement require interpretation, it is agreed that the person or persons interpreting or construing the same shall not apply a presumption that the terms of this Agreement shall be more strictly construed against one Party by reason of the rule of construction that a document is to be construed more strictly against the Party thereto who itself or through its agent or counsel prepared the same or caused the same to be prepared; it being agreed that the agents and counsel of
both of the Parties hereto have participated equally in the negotiation and preparation of this Agreement.

9.5 **Time of the Essence.** Time is of the essence of this Agreement and the performance of all obligations hereunder.

9.6 **Computation of Time.** Unless otherwise required by a specific provision of this Agreement, time hereunder is to be computed by excluding the first day and including the last day. If the date for performance falls on a Saturday, Sunday, or legal holiday, the date for performance shall be extended to the next business day.

9.7 **Approvals.** Approvals required of a party shall not be unreasonably withheld or delayed, and approval or disapproval shall be given within the time set forth in this Agreement, or, if no time is given, within a reasonable time. Time shall be of the essence of approvals required of either Party.

9.8 **Severability.** To the best knowledge and belief of the Parties to this Agreement, this Agreement contains no provision that is contrary to any federal, state or local law or to any regulatory requirement or other ruling or regulation of a federal, state or local agency or that would be in breach of the obligations of either or both of the Parties hereto under the terms and provision of any legally binding agreement. However, if any provision of this Agreement, or any part thereof, shall at any time be held to be invalid, in whole or in part, under any applicable federal, state or local law by a court of competent jurisdiction, or by arbitrators or an administrative agency of the federal, state or local government with proper jurisdiction, then such provision or a portion thereof, as appropriate, shall be curtailed and limited only to the extent necessary to bring it within the requirements of the law and the validity and enforceability of the remaining provisions of this Agreement shall remain in effect and shall in no way be affected, impaired or invalidated, unless the invalidated provision(s) shall uniquely, materially and adversely affect the rights and obligations of a Party to this Agreement.

9.9 **Further Assurances.** Each of the Parties hereto shall execute and deliver any and all additional papers, documents, instruments and other assurances and shall do any and all other acts and things reasonably necessary to carry out the purposes of this Agreement and the intent of the Parties hereto.

9.10 **Entire Agreement.** This Agreement integrates all of the terms and conditions mentioned herein or incidental hereto and supersedes all negotiations or previous agreements between the Parties regarding all or any part of the subject matter hereof. All modifications, additions or amendments to this Agreement shall be in writing and signed by the Parties hereto.
9.11 Authority of City Manager to Act. Any consent, approval or other instrument described in this Agreement may be granted, given or executed by the City Manager or designee on behalf of the City and the City Manager or designee shall be authorized to take action on behalf of the City consistent with the terms of the agreement without the need for further authorization from the City Council; provided, however that, notwithstanding the foregoing, the City Manager or designee may, in his or her sole discretion, refer to the City Council any item for which the City Manager or designee has authority to act hereunder.
