The purpose of this guide is to make the inspection process as smooth as possible.

- Prior to starting construction obtain all required permits and plans (if applicable).
- Construction hours are Monday to Saturday 7 am to 8 pm with no construction permitted on Sundays or Holidays.
- Please schedule inspection prior to covering any work.
- The inspector will need someone 18 years of age or older at the residence to allow entry. If any pet is on site please have it restrained and notify the inspector prior to entry. If the inspection is in the backyard please leave a note on the front door allowing entrance and pet instructions (or notify the inspector by phone).
- The inspector will be following the city approved plans if applicable and any city approved revisions. Any deviation from the approved plans will require approval from the City Plan Check Engineer prior to inspection.
- If Structural Observation or Special Inspection is required please have all required reports on site with the construction documents on the day of inspection.
- Any questions regarding Special Inspectors please call us at 714-738-6541
- After hours inspection can be arranged for an additional fee by calling (714) 738-6541
- If you have any questions regarding a correction item please contact the inspector on the correction for clarification (7am -8 am or 3:30-5 pm)

If you have any further questions, please contact our office at (714) 738-6541
